

NOVEMBER 2020

"Never Too Young to Learn"

A note from Ms. Ali & Ms. Green. . .

As we begin the month of November, we are introducing new concepts to our children encouraging them to represent ideas and test theories. Our infants and young toddlers are exploring the concept of "open and close" and "in and out". During this study, our little ones are manipulating a variety of materials placing them in and out of various containers as well as manipulating them to open and close. Our older toddlers are exploring "things" in their neighborhood. They are sure to have fun learning about animals in their backyards, farm life and transportation vehicles. The Ducks class will be exploring fruits and vegetables to coincide with discussing Thanksgiving! Our three-year old classes are focusing on acts of kindness and gratitude. They will continue to explore the changes in the natural world around the school campus and surrounding neighborhood. Our four-year-old classes will be discussing Thanksgiving as well. They will discover what harvesting is as they grown and pick their own plants!

Important Dates/Events

- Thanksgiving Celebrations- Each of our classrooms will focus on gratitude this month talking about all that we have to be thankful for. Classrooms will celebrate Thanksgiving the week of November 23rd with individual classroom celebrations. Stay tuned for more information from your child's teacher.
- Charleston Wrap Fundraiser- While catalog orders are over, you can still get your orders in online until December 8th!
- Closed for Thanksgiving- SLCC will be closed for Thanksgiving on November 26th and 27th. We will return to school on November 30th.

November I Love You Ritual

"Georgie, Porgie"

Georgie, porgie, puddin' and pie

*Move shoulders up and down to the beat
of the words*

Gave his friends a big high five!

Gentle high five

With his friends he loves to play,

Use both hands to sign "play"

A gift of a smile he gave each day.

Smile at your child

Conscious Discipline Tip

Focus on giving children useable information.

Tell them specifically what to do. Use the Power of Attention to focus on what you want to have happen.
